ADVERTISING INFORMATION

St. Thomas will do its best to advertise your presence at the Fall Festival, along with other vendors, using our own website and through social media (Facebook & Instagram). It is in the

best interest of each vendor with a web presence to participate, mutually sharing information on the Fall Festival with your social media followers, just as we will be sharing information about your presence. To better facilitate this, we would ask that you email the Church office with the following:

- 1) A link to your primary social media or web presence, for linking on our website.
- 2) Your Facebook or Instagram page if you use one.
- 3) A brief description of your business which we can use in promoting your presence at the Fall Festival.
- 4) Social media appropriate graphics related to your business which could be used in our advertising.

Please email office@stthomaseustis.org
